TRAUMA-INFORMED
RESOURCE DIRECTORY
2024 Edition

Dear Reader,

If you are thumbing through this directory, chances are that you love a child from a hard place and want to get him or her the best help available. We at *City Without Orphans* want to come alongside you and your child in this journey of healing. We firmly believe that the children in your (and our) home deserve care from holistic professionals who treat brains and bodies while utilizing trauma lenses. Our team has carefully compiled new information and revised last year's directory so you can easily and confidently access the Valley's best trauma-informed resources.

Please note that this directory contains names of professionals that we have personally worked with or are recommendations from trusted families who have had positive experiences. While we have done our best to ensure that every professional is trauma-informed and provides excellent service and care, we cannot be held responsible for the service you experience. Therefore, we also highly encourage you to do your due diligence in ensuring that the selected provider is the best fit for your child and family.

Also, here's a brief reminder that contact information and locations can change. Be sure to double-check an address before driving to your destination.

We are so pleased to present you with this year's Trauma-Informed Resource Directory! We hope that this guide will help you take the next best steps in caring for children from hard places. Thank you for loving and caring for vulnerable children. YOU are our heroes - and we are cheering you on!
